New Student Parking Location

Students must park behind the Lied Ambulatory building on Pinto Lane.

The parking lot is behind the Lied Ambulatory building on the north side. Students should go east on Pinto Lane, take the left driveway after the Clark County Social Services building then continue around to the rear parking lots. It is a lighted area, well labeled as UMC parking. There is a shuttle to take students to the hospital.

For your safety and security UMC's Public Safety encourages students to utilize the shuttle services to and from the main campus.

Students scheduled for Night Shift clinical rotation do not have to park in the remote lot; Park in the Parking Deck next to the Emergency Dept.

Call for shuttle pick-up at 702-383-1810
